

Student Led Conferences

At Boolarra Primary School we aim to give the learner increasing responsibility and ownership for their learning so they can develop into independent, life-long learners. One way we involve our students in their own learning is to have them conduct and participate in a 'Student-Led Conference'. Each child will lead a fifteen-minute discussion with a family member/s and their teacher. Students will select work samples that they believe show how they are achieving their goals. This approach helps children to take responsibility for their own learning, actions and decisions. This process also demonstrates to the students that we positively support their learning, acknowledges the value we place on their views and the respect we have for their opinions. It is also a time to celebrate achievements.

Please indicate your first, second and third time preferences. Priority will be given to parents who return their forms early.
